

8W LED Lamp > 50W Incandescent

Matrix Lighting concentrates its business on the development of LED lighting and manufacturing. Matrix Lighting has a development team of 150 staff members on research and development of LED drivers, heat management, optics, mechanical and lamp design as well as over 20,000 employees worldwide. Our mission is to be innovative through new designs that encompass an array of direct incandescent lamp replacement LED bulbs for every traditional emerging lighting market and to produce the highest quality products at incredible value. Matrix Lighting has LED lamp manufacturing plants in China and Vietnam.

- Uses 80% Less Energy
- Earth Friendly
- Free of Mercury & Hazardous Materials
- Long Lasting
- Affordable
